

PITTSBURGH

December Event Notice

Wednesday 12/6/17

6:00pm to 9:00pm

Light Dinner and Networking at 6pm
Presentation Starts at 7pm

“The Transition from Uncompressed SDI to IP Video”

While all the talk is on IP and the new SMPTE 2110 standard you might be scratching your head as to how it applies to current workflows. This presentation will outline the basics of the new IP standard and how, as in past transitions, islands are emerging. We will also take a look at how the technology will impact traditional designs and current workflows.

Scott Barella, CTO at Utah Scientific

US Utah Scientific
